

Home In San Antone

Ferlin Husky

Haven't got a worry haven't got a care I haven't got a thing to
call my own
Though I'm out of money and I'm a millionaire
I still have my home in San Antone when I greet my neighbor wit
h a hi y'all
I'm wealthy as a king upon a throne
But when I feel like braggin' I just up and say I'm a native so
n of San Antone
Well I travel around the country on my merry way
I've been to crowds and felt I was alone
But when I feel like braggin' I just up and say I'm a native so
n of San Antone
There's a sweet somebody by the Alamo someday she's goin' to be
my very own
And we'll buy a high chair in a year or so for our little home
in San Antone
For our little home in San Antone
For our little home in San Antone
For our little home in San Antone
