

I Could Never Be Ashamed Of You

Ferlin Husky

Everybody says you let me down I should be ashamed to take you
round
Makes no difference what you used to do darling I could never b
e ashamed of you
Maybe you were reckless yesterday but together we can find a br
ighter way
In my heart I know that you'll come true darling I could never
be ashamed of you

All the happiness I've ever known came the day you said you'd b
e my own
And it matters not what we go through darling I could never be
ashamed of you
Maybe you were cheated in the past and perhaps those memories w
ill always last
Even though you prove to be untrue darling I could never be ash
amed of you
