

# I'm Not Me Without You Anymore

Ferlin Husky

When you walked out a part of me went with you  
My teardrops fell as you walked out the door  
Everything's gone wrong darling since you've gone and I'm not m  
e without you anymore  
I'm not me without you anymore everything's gone wrong nothing'  
s like it was before

I know I'll never love again that's one thing for sure  
'Cause I'm not me without you anymore  
Don't know how I'll make it now without you  
For I've never been never been this hurt before

Now all my gladness has turned into sadness and I'm not me with  
out you anymore  
I'm not me without you...
