

# I'm The Only One That Wants Me

Ferlin Husky

I'm the only one that wants me but me wants only you  
My arms reach out to empty space where you used to be  
I kiss the picture in our room and your picture kisses me  
I tell myself I love you the way you used to do  
I'm the only one that wants me but me wants only you  
I'm the only one that wants me since you put me down  
That's why I pick me up each night and go out on the town  
I take me to the places where we used to rendezvous  
I'm the only one that wants me but me wants only you  
I take me out every night to show me a good kind  
I order dinner just for one at the place we used to dine  
When it gets late at time to leave I pretend the leave with you  
I'm the only one that wants me but me wants only you
