

# It's The Talk Of The Town

Ferlin Husky

I can't show my face can't go anyplace people stop and stare it  
's so hard to bear  
Everybody knows you left me it's the talk of the town  
Every time we meet my heart skips a beat we don't stop to speak  
know it's just a week  
Everybody knows you left me uhm it's the talk of the town  
We send our invitations to friends and relations advancing our  
wedding day  
Friends and our relations gave congratulations how can you face  
that what can you say

Let's make up sweetheart we can't stay apart  
Don't let foolish pride keep you from my side  
How can love like ours be ended it's the talk of the town
