

# Lonesome Out Tonight

Ferlin Husky

Oh it's lonesome out tonight  
Here I stand on the lonely street nobody cares about poor old me  
Oh it's lonesome out tonight  
This old town's not good for me it holds too many memories  
Oh it's lonesome out tonight  
She told me that my time would come for hurting her each day  
My loneliness started last night and it looks like it's here to stay  
My conscience just won't let me sleep so I'm out here just a walking the streets  
Oh it's lonesome out tonight  
Maybe I should catch that midnight train but where could I go it's all the same  
Oh it's lonesome out tonight  
Ever since she set me free I've been filled with misery  
Oh it's lonesome out tonight  
She told me that my time would come...  
Oh so lonesome out tonight
