

Love Built The House

Ferlin Husky

Love built the house that I am livin' in livin' in livin' in
Well love built the house that I am livin' in and I'm happy in
my house of love

Well happy little birds are singin' in my house of love
Joy to every heart they're bringin' in my house of love
Love built the house...

Oh every day the sun shines brighter in my house of love
Every day my heart is lighter in my house of love
Love built the house...

Oh clouds have found with silver linin' in my house of love
Every day the sun keeps shinin' in my house of love
Love built the house...

One more time now love built the house...

I'm so happy in my house of love yes I'm happy in my house of l
ove
