

Love Looks Good On You

Ferlin Husky

I've never seen that look in your eyes before
I've never seen that smile on your lips before
I guess I never knew what true love could do but love sure looks
good on you
I can tell he's been more than good to you
He's done more than I ever hoped to do
He's given you that look that I wanted to and love sure looks good
on you
I thought I had loved you but I see I was wrong
Now I know that in his arms is where you belong
It's been a long long time since I've seen you
And I've missed you much more than I wanted to
So I guess I'd better go before I let it show
One more thing love looks good on you love sure looks good on you
