

My Hometown

Ferlin Husky

I wonder if there's anyone remembers me in my hometown
I wonder what the folks would say if I wandered in and just mos
eyd around
I wonder if they look at me and say what's your name haven't we
met before
To me it would seem like a beautiful dream to be in my hometown
I'd like to see the little house where I was born in my hometow
n
I'd like to wade the creek again and see where I hid all the tr
asures I'd found
I wanna just remember all the places I knew when I was a kid
Oh to me it would seem like a beautiful dream to be in my homet
own
