(Out in the cold) The song that you sang so sweetly You called it our love refrain It's gone and I'm left completely Out in the cold again I dreamed that our love would linger But just memories remain As I gaze at that ringless finger Out in the cold again True it hurts my pride to step aside for somebody new But deep down inside my whole world depended on you I wanted your arms around me To shelter me from the rain But now I'm back where you found me Out in the cold again (True it hurts my pride to step aside for somebody new) (But deep down inside my whole world depended on you) I wanted your arms around me To shelter me from the rain But now I'm back where you found me Out in the cold again Out in the cold
