

Sunny Nights

Ferlin Husky

There's a gonna be some sunny nights because the sun's a gonna
shine tonight
Love's gonna make everything all right and I'm a gonna have som
e sunny nights
Yesterday was a lonely day the day before was the same old way
But today I met a special girl she brought a little sunshine to
my world
There's a gonna be some sunny nights...
There's a gonna be some sunny nights...
I cried last night like a baby child my tears kept a running ru
nning wild
Ain't never again gonna cry no more found a love I've been a se
arching for
There's a gonna be some sunny nights...
There's a gonna be some sunny nights...
There's a gonna be some sunny nights...
