

## The Waltz You Saved For Me

Ferlin Husky

Every dream with you I'll sway dear  
To the waltz you saved for me  
Every dream while I'm away dear  
You'll hear this melody  
Whisper goodbye and gently say dear  
That in all the days to be  
You will sometimes remember  
The waltz you saved for me  
Whisper goodbye and gently say dear  
That in all the days to be  
You will sometimes remember  
The waltz you saved for me.
