

Up On The Mountain Top

Ferlin Husky

Up on the mountain to way up above up on the mountain top is where I fell in love
Early this mornin' I went a walkin' up on the mountain top
I heard this sweet little voice a talkin' up on the mountain top
Then I saw this pretty little maiden up on the mountain top
She took my hands and I've been waitin' up on the mountain top
Up on the mountain to way up above up on the mountain top is where I fell in love
Well I said up on the mountain top way up above
Up on the mountain top is where I fell in love
When she took me by the hand and said big daddy you're my man
She had lips like cherry wine and give me kisses through the time
Somethin' told me from their own the mountain top's gonna be my home
Well I started jumpin' and I couldn't stop up on the mountain top
Up on the mountain top way up above...

I've been shoutin' I've been a singin' up on the mountain top
Weddin' bell is a gonna be a ringin' up on the mountain top
I ain't a gonna worry bout savin' no money up on the mountain top
Cause we gonna live on love and honey up on the mountain top
Up on the mountain top...
Well I said up on the mountain top...
