

When It's My Turn Again

Ferlin Husky

When it's my turn again I'll take you back again
When it's my turn again I'll take you back again
I'll wait here patiently till you come back to me
And when you've made the rounds all over hearts in town
When it's my turn again I'll take you back again
I know that I'm a fool to love you like I do
But I'd rather have you for a while than lose you
I'll bow out gracefully when you grow tired of me
When it's my turn again I'll take you back again
I know that I'm a fool to love you like I do
But I'd rather have you for a while than lose you
And when you've made the rounds all over hearts in town
When it's my turn again I'll take you back again
