

## Worried Mind

Ferlin Husky

You've promised me love that would never die that promise you've  
made was only a lie  
Now after you've gone all alone I'll pine for all that I've got  
is a worried mind  
When I was down you've just left me there I needed you so oh but  
you didn't care  
You've found a new love and a home so fine but all that I've got  
is a worried mind  
(You've promised me love) you've promised me love  
(That would never die) that would never die  
(That promise you've made) that promise you've made (was only a  
lie) was only a lie  
Now after you've gone all alone I'll pine for all that I've got  
is a worried mind  
(Is a worried mind)
