

Traveler

Fernando Ortega

Neon lights flickering outside the cafe
Ice on the windshield
Stars in a black sea
On a winter road
Flurries of snow
I'm ready to go

Past farmhouse and pasture our voices together
Rise to the drumming
Of big-rigs and trailers
Long hours til daylight
A rumbling bus
Our bed and our board

Heavenly Father
Remember the traveler
Bring us safely home
Heavenly Father
Remember the traveler
Bring us safely home
Safely home

In the towns off this highway the people are kind
They welcome us in
I sing in their church halls
Old hymns and prayer songs
With lifted hearts
We rejoice in the Lord

Heavenly Father
Remember the traveler
Bring us safely home
Heavenly Father
Remember the traveler
Bring us safely home
Safely home

I long for my family and friends to remind me
Of where I have been
And where I am going
And where I come from

Heavenly Father
Remember the traveler
Bring us safely home
Heavenly Father
Remember the traveler
Bring us safely home
Safely home
