

# Live Forever

Ferry Corsten

I've been waiting  
Living life in rewind like I'm frozen in time and place  
And I'm fading  
Falling further behind every step that I try to take  
I've been hiding  
From the heat of the sun, watching everyone come and go  
Let some light in  
Cuz I can't see a thing and there's so much I need to know  
I wanna know you better  
I wanna take you for a ride  
Go on a wild adventure  
Not let a moment pass me by  
Turn out the lights  
Turn up the bass  
I wanna be front and center  
Bring on the night  
There's no time to waste  
I wanna live forever  
Turn out the lights  
Turn up the bass  
I wanna be front and center  
Bring on the night  
There's no time to waste  
I'm gonna live forever  
Can you hear it?  
Like the beat of your heart, an electrical spark inside  
Let the feeling  
From the force of the sound lift you up off the ground tonight  
I'm addicted  
It's like a chemical high, yea I feel so alive right now  
Take a picture  
Cuz it's all gonna pass  
This is too good to last, and I'm moving too fast to slow down  
Turn out the lights  
Turn up the bass  
I wanna be front and center  
Bring on the night  
There's no time to waste  
I wanna live forever  
Turn out the lights  
Turn up the bass  
I wanna be front and center  
Bring on the night  
There's no time to waste  
I'm gonna live forever
