

Falling

Fever Ray

I learned this a while ago
Now it just takes a second
Didn't see it coming at all
It was over in seconds

Sometimes you know its love
Still we're pushing what's possible
A queer healing
Mom just had a feeling

You made me dirty again
She makes me feel dirty again
That old feeling of shame
She makes me feel dirty again

Dirty again
Why she wants me dirty again
Dirty again
She's making me feel dirty again

Making me feel I want too much
Making me feel it's enough
Come over and see it
Come over and see yourself

Dirty
Why she wants me dirty
Dirty again
She's making me feel dirty again
