

# This Country

Fever Ray

Tell me something sexy and I'll log off my whatever  
Gag me, awake my fighting spirit  
Take your time and stay off the channels  
We're not attracted to this country's standards

That's not how to love me  
That's not how to love me  
That's not how to love me  
That's not how to love me

Open the gearbox and she's on it  
Staying alive with a permit  
No definition [?]  
The perverts define my fuck history

That's not how to love me  
That's not how to love me  
That's not how to love me  
That's not how to love me

Free abortions and clean water  
Destroy nuclear  
Destroy boy

Lovers got love in a love fest  
Every time we fuck we win  
This house makes it hard to fuck  
This house makes it hard to fuck  
This country makes it hard to fuck  
This country makes it hard to fuck  
This country makes it hard to fuck
