

As For Me

FFH

I have heard the call and I will not be moved
I have set my heart on one thing
I will wear your name for all the world to see
You lift it up

As for me I will raise your banner high
I will shout a loud geneve I won't deny
Jesus you have given all so I give you my life
I will raise your banner high

When the cost is great you are greatest still
I am standing on this one thing
You will come again and all the world will see
You lift it up

As for me I will raise your banner high
I will shout a loud geneve I won't deny
Jesus you have given all so I give you my life
I will raise your banner high
I will raise your banner high

I will sing, I will sing
God be praised, God be praised
All will sing, all will sing
God be praised, God be praised

I will sing, I will sing
God be praised, God be praised
All will sing, all will sing
God be praised, God be praised

As for me I will raise your banner high
I will shout a loud geneve I won't deny
Jesus you have given all so I give you my life
I will raise your banner high

As for me I will raise your banner high
I will shout a loud geneve I won't deny
Jesus you have given all so I give you my life
I will raise your banner high
I will raise your banner high
I will raise your banner high
