

Breathe In Me

FFH

I've been going around in circles
And I don't know what to do
I don't know where to find my way back to the truth
I need a reminder
Of how life used to be
Cause the face in the mirror isn't looking too familiar

I can say that I used to know a lot about you
But it seems I've fallen from you
And I can say that I need to know more about you
So now I'm on my knees singing

Breathe in me
I fall so easily
How can it be
That you would rescue me
So Breathe in me
Breathe in me

The time I have wasted
Is not just my own
I got to get back to You, I gotta find my way home
Before my world comes tumbling down
The longer I wait
It gets harder to turn around
To see your eyes staring right through my soul
Oh but I know
That life begins when I die again and surrender

Breathe in me
I fall so easily
How can it be
That you would rescue me
So Breathe in me
Breathe in me

I can hear you calling to me
I can see you reaching for me
Offering your hand to guide me
Hold me close again and set me free

Breathe in me
I fall so easily
How can it be
That you would rescue me
So Breathe in me
Breathe in me

I can say that I need to know more about you.
