

I'm Free

FFH

I'm being set free, I'm taking off the slave clothes that covered me

I'm being set free 'cause I was made for freedom not for slavery

Out of darkness you have called me

Out of bondage you have brought me

I'm free, the chains are falling You are calling me

I'm free, I've decided You are life to me

And I will walk where I can't see

Knowing You are with me, I'm free

Hallelujah
