

Jesus Give Me Rest

FFH

I've been walking the wire
Trying hard not to stumble and fall
Too many irons in the fire
About to break under the weight of it all

So let your peace come to me
Oh Jesus, give me rest
Let your peace come to me
Oh Jesus, give me rest

I've been riding the fence
On the one side my ambition on the other my salvation
It's finally making sense
That my need for affirmation is what's causing this stress

So let your peace come to me
Oh Jesus, give me rest
Let your peace come to me
Oh Jesus, give me rest

I've been trying to hold
On to things that slip through my hands
You'd think that by now I'd know
Better than to chase after shifting sands

So let your peace come to me
Oh Jesus, give me rest
Let your peace come to me
Oh Jesus, give me rest

Be still, be still
Be still and know
Be still, be still
Be still and know

Be still, be still
Be still and know
Be still, be still
Be still and know

Be still, be still
Be still and know
