

The Time Of My Life

FFH

Hand in hand
Our feet in the long beach sand
That's the way we spent these days
Falling in love again
We've always been best friends
That's the way we spent these days

But the autumn breeze is blowing in
Falling leaves will soon cover the ground again
O but I won't walk away the same - cause

I had the time of my life with you
Under the summer moon
I was so consumed
I had the time of my life with you
Acting like a fool
But it was over too soon
I had the time of my life

Open the doors,
Read to each other while the curtains blow
The sea breeze through our bungalow
And fall asleep
Wake up in time
To have a braai with some friends we know
Sing songs on the patio
With Eloise

But the autumn breeze is blowing in
Falling leaves will soon cover the ground again
O but I won't walk away the same - cause

I had the time of my life with you
Under the summer moon
I was so consumed
I had the time of my life with you
Acting like a fool
But it was over too soon
I had the time of my life

But the autumn breeze is blowing in
From Fishhoek Beach to Sun Valley and back again
O but I won't walk away the same - cause

I had the time of my life with you
Under the summer moon
I was so consumed
I had the time of my life with you
Acting like a fool
But it was over too soon
I had the time of my life
