

Here's the new theology  
The blood of God is on our hands  
Repressed ideology  
Persecute, control, command

We live in hypocrisy  
Setting fire to the lie  
Vengeance is victory  
Ours is not to question why

Pray - say a prayer - pray for us  
When we lie down in the night  
Say the words - weep for us  
When we've lost the will to fight

Raise your fist - show your hand  
And extend your mercy now  
Help us to understand  
Remember God is watching you

We revel in the flesh  
Cast out the chosen few  
The written word that we detest  
Submit - subvert - refuse

We live in hypocrisy  
Setting fire to the lie  
Vengeance is victory  
Ours is not to question why

Pray - say a prayer - pray for us  
When we lie down in the night
