

## Reality Calls

Fiction Family

Reality calls  
And I just let it ring  
In the middle of fall  
I'm still dressed for spring  
My voice is gone  
And I'm still trying to sing  
Reality calls  
And I just let it ring

She's the finest of all  
The girls I've seen  
But she gets what she wants  
And that's everything  
She tastes so sweet  
But Lord, she's mean to me  
Reality calls  
And I just let it ring

It's not that I can't hear the screaming in my ears  
'Cause it's coming through loud and clear  
That I need something real  
And she only wants a fling  
Reality calls  
And I just let it ring  
Reality calls  
And I just let it ring
