

Burn My Fantasies

Fiddler's Green

The other day my car was towed away
The cop smiled into my face
I'm really sorry he began his story
But I'm a man of duty

And when I think about it anger slaps my shoulder
Oh lord, please, I'm on my knees to pray
To Pray

Lord please
Burn my fantasies
Burn them at one thousand degrees
Oh Lord
Lord please
Burn my fantasies
Burn them at one thousand degrees
Oh Lord

And I remember that lady
Like a falling star
I managed to catch her and things went far
Forever together we all know that shit
I was really in love she really burnt my chip
I should have known better caus I really can't tell
Why she ran away the guy was fat as hell
I tried to forgive her caus he was so rich
He had lots of money and bought that bitch

And when I think about it anger slaps my shoulder
Oh lord, please, I'm on my knees to pray
To pray

Lord please
Burn my fantasies
Burn them at one thousand degrees
Oh Lord
Lord please
Burn my fantasies
Burn them at one thousand degrees
Oh Lord

Dear lord I know that I'm a selfish boy
But isn't that all part of your masterplan
Well you know I'm a believer
I believe that one day
We shall overcome and be together forever

Lord please
Burn my fantasies
Burn them at one thousand degrees
Oh Lord
Lord please
Burn my fantasies
Burn them at one thousand degrees
Oh Lord
Lord please
Burn my fantasies

Burn them at one thousand degrees
Oh Lord
Lord please
Burn my fantasies
Burn them at one thousand degrees
Oh Lord
Lord please
Burn my fantasies
Burn them at one thousand degrees
Oh Lord
Lord please
Burn my fantasies year
Burn them at one thousand degrees
