

Fields Of Green

Fiddler's Green

Sometimes we're right
Sometimes we're wrong
We've got to carry on

All for one
And one for all
This dream will never fall

Sometimes we're wrong
Sometimes we're right
We've got to stand the fight

It's a true
And not a lie
This dream will never die

Always coming home for you again
Here where we belong, until the end

We're not hiding, tied in our shoes
With nothing left to lose
And together we will share the dream
On the fields of green

We're not hiding, tied in our shoes
With nothing left to lose
And we're praying this communion song
Back where we belong

Sometimes we're right
Sometimes we're wrong
We've got to carry on

All for one
And one for all
This dream will never fall

Always coming home for you again
Here where we belong, until the end

We're not hiding, tied in our shoes
With nothing left to lose
And together we will share the dream
On the fields of green

We're not hiding, tied in our shoes
With nothing left to lose
And we're praying this communion song
Back where we belong

We're not hiding, tied in our shoes
With nothing left to lose
And together we will share the dream
On the fields of green

We're not hiding, tied in our shoes
With nothing left to lose

And we're praying this communion song
Back where we belong

And we're praying this communion song
Back where we belong
