

# Never Again

Fiddler's Green

Yeah, Yeah  
See me walking on the streets of Berlin  
So many faces I will never know  
Im thinking maybe I could use direction  
Im going with the flow  
Yeah Yeah

Icy fingers playing to the money  
A band from Lima singing out of tune  
I could go and choose another sky but I  
Gotta wait for you

Never again will I lose my own way  
Its never again, no more cheating today  
Never again will I lie to myself  
Cause Im going insane when the sun feels like rain  
Yeah Yeah

A Roman statue eyeing little children  
The wind is chasing an old paper cup  
Babe its true Ive built my life around you  
Take a look inside

The world goes in the world goes out  
Theres no reflection of a doubt  
No compromise and no disguise  
This things for real

Never again will I lose my own way  
Its never again, no more cheating today  
Never again will I lie to myself  
Cause Im going insane when the sun feels like rain  
And I wont run away  
No more cheating today  
I need one of my kind  
Gotta be in the light  
Take me out of the flow  
When I stand in a row  
Cause Im going insane

Yeah Yeah
