FIDLAR

I told my girl I can't see the light
Take my hand and it'll be all right
Shoulda never gone out tonight

Ahhhh-ahhhh-ahhhh
I can't find my way home
I can't find my way!

Walk alone and it's hard to breathe
Take a hit, I'm fallin' to my knees
Somebody is following me

Brother's laughing at me on the phone
Let's go into unknown
Can't wait to be alone

Ahhhh-ahhhh-ahhhh
I can't find my way home
I can't find my way home
I can't find my way home
I can't find my way!

Gotta find a place to sleep
Skid row, lost a couple teeth
Somebody is following me

Woke up in my dealer's car
Tattoo on my arm
F-I-D-L-A-R

Ahhhh-ahhhh-ahhhh
I can't find my way home
I can't find my way home
I can't find my way home
I can't find my way!
