

# Got No Money

FIDLAR

I spent my money on a fifty dollar Volvo  
I don't really care if I make it to the city  
I'm getting' dressed and I'm lookin' like a hobo  
I don't pay my bills cuz I don't think it's necessary

I got no money for you  
I got no money for me

I'm getting tired of feeling like a loser  
Watchin' TV on my couch and I'm doing nothing  
Hit the road and I'm lookin' for a tweaker  
Tryin' to find my buds cuz I know that they want to party

I got no money for school  
I got no money for school

I got no money from you  
I got no money for me
