

# You're Not Supposed To

Field Music

Can you function completely  
Are you sure you're not hiding something

Without it can you function  
Or it is distract from your vision

Can you do something different like you're not supposed  
to

You're not supposed to (3x)

Your room remains the same  
You're existing in the same space

You can close your eyes  
You'll always know  
You can still touch what you've got when you're home

Can you do something different like you're not supposed  
to

You're not supposed to (10x)

Do something different like you're not supposed to

You're not supposed to (2x)

Do something different like you're not supposed to

You're not supposed to
