

## Blue Water

### Fields of the Nephilim

Move back step outside yourself  
Just move back, step outside yourself

Just move back stepping outside yourself  
Feel I`m falling upwards looking at hell  
( blue, blue, what am I supposed to do?  
well life looks a little hazy  
looking at myself...these 3 lines are on 12)

Sea green - If you know what I mean?  
Please unlash this animal inside  
Out of my mind

Well it`s the perspiration, it`s draining my head  
Perspiration, draining my head  
Perspiration, draining my head  
Perspiration, draining my head

Blue Angel  
In this night fall ( this night for us?? )  
It`s substance it dawns ( the suffocation stops?? )  
In this night form

The Constant Pain  
The Constant Pain ( the astral plane? )

Blue water  
It keeps grinning ( it`s got to bleed )

Blue, blue I`m preying for you  
Get out the electrostatic hotwire  
I`ve got a drain on you

Blue Angel  
In this night form  
It`s substance it dawns  
We feed at nightfall  
Blue Angel  
This stillness nightform  
Minion  
Come down  
Minion  
In the depths
