Reanimator

Fields of the Nephilim

Pain, we are transforming With your daughters underground Pain, we look like sisters Caught up in a landslide Falling down

Too far you can't feel it Too far you can't reach it Too far

Reanimator Reanimator now

Reanimator Reanimator now

Pain, entranced by fire Your world stinks Your world stinks of you

Pain

The world's unwired Your mind burns Your mind burns on through Too far you can't feel it Too far you can't reach it Too far Too far Reanimator Reanimator now Reanimator Reanimator now
