

Song For The Fields

Fields

You're not the only one
Bringing money home
Breaking backs and toil
Wasting lives in soil
And our revelry
Destroy our landmarks
Falling in the sea
Collective memory

Long serving, deserving
Our masters won't leave us

You're not the only one

Looking for your turn
Setting off the fires
To watch our bridges burn
Burn

Wait for me, hopelessly

You're not the only one
Bringing money home
Breaking of your ties
Filling blanks with lies
If it's meant to be
Destroy our landmarks
Falling in the sea
Selective memory

Long serving, disturbing
Our masters have turned us

You're not the only one
Wasting every turn
We're setting of the fires
To watch our bridges burn
Wait for me, hopelessly

Your not the only one (12x)
