

# Angel Of Mercy

## Fifth Angel

You, the obsession in my life,  
Leave me so torn up inside.  
I only want you to be with me.

Time, isn't always on our side,  
But we're trying to survive.  
'Cause there's a need in me can't you see.

I need some time to think it over -  
Just find a way to work it out -

Angel of mercy - lay your hands around my heart.  
Angel of mercy - don't you know I need you.  
Angel of mercy - tellin' me you're torn apart.  
I know there's something left here.  
I know you bleed, the way I do.

I, have been trying for so long,  
Tryin' to find out what went wrong.  
And why I need you I'll never know.

Now, it's so hard to understand,  
I've been brought down by your hand.  
But your belief in me never shows - oh, oh.

I need some time to think it over -  
Just find a way to work it out -

Angel of mercy - lay your hands around my heart.  
Angel of mercy - don't you know I need you.  
Angel of mercy - tellin' me you're torn apart.  
I know there's something left here.  
I know you bleed, the way I do.

[Guitar solo]

I need some time to think things over,  
Oh...I'll find a way to work it out -

Angel of mercy - lay your hands around my heart.  
Angel of mercy - don't you know I need you.  
Angel of mercy - tellin' me you're torn apart.  
I know there's something left here.  
I know you bleed, the way I do.
