

Brain Freeze

Fight Fair

Welcome to the west coast
Where we're holding it down
And the girls are looking mint so you should just stick around

If you've had a bad day
Just know the best times are on the way

We just want to have some fun
We're still young and on the run
We just want to have some fun
Come on! Everyone

Lets just kick it in the summer heat
Meet me at the boardwalk in pacific beach
It's kinda hot like 90 degrees
But all I need is a dime,
Best buds, and a BRAIN-FREEZE!

Lets go to the record store and dig through vinyl
I haven't found anything OOP in a while
But you girl,
So can I score your test press?
And I know that you're single,
Cause I saw it on the newsfeed

We just want to have some fun
We're still young and on the run
We just want to have some fun
Come on! Everyone

Just drop the beat, lets get the party started
It's time to hit the dancefloor
I see your moves girl,
Now I'm laying mine you
I can feel your heart is pacing
Don't ever stop, lets keep it going now

We just want to have some fun
We're still young and on the run
We just want to have some fun
Come on! Everyone
