

Party Girl

Fight Fair

I just can't wait for the weekend,
Because it gives me a reason,
To lose control,
As we rock and roll,
All night long--
(1, 2, 3, 4)
Hey! Hey! Hey! Hey! Hey! Hey! Hey!

Monday morning hit the "Snooze",
I'd rather stay in bed (I'd rather stay in bed),
Tuesday I've still got the blues,
Come Wednesday I'm half way dead,
Thursdays getting closer but it's a devil in disguise--
I still can't wait for Friday baby,
Let me tell you,
Let me tell you why,

I just can't wait for the weekend,
Because it gives me a reason,
To lose control,
As we rock and roll,
All night long--
So everyone to come with me,
Just take my hand,
Baby you'll be,
Having the time of your life,
Party party party girl!
Hey! Hey! Hey! Par-ty girl!

Monday morning I wake up and know I'm in love with you,
Tuesday I am so touched so touched that,
Wednesday I'm so out of tune,
Then I find you,
Thursday doing yoga at the gym,
Your behind looks party fine,
So on Friday we're rockin'
(On Friday we're rockin', on Friday we're rockin', on Friday we're rockin' a gain!)

I just can't wait for the weekend,
Because it gives me a reason,
To lose control,
As we rock and roll,
All night long--
So everyone to come with me,
Just take my hand,
Baby you'll be,
Having the time of your life,
Party party party girl!

Party girl you've got the moves,
We can take it real slowly,
Till be get into the groove,
Rock it fast now party girl,
When you make it drop,
You know that it's gonna get me off!

[Guitar Solo]

I just can't wait for the weekend,
Because it gives me a reason,
To lose control,
As we rock and roll,
All night long--
1, 2, 3 lets go!

I just can't wait for the weekend,
Because it gives me a reason,
To lose control,
As we rock and roll,
All night long--

So everyone to come with me,
Just take my hand,
Baby you'll be,
Having the time of your life,

Party party party party party party party party party party party girl
