

## Re-archetype

## Fight The Fade

I'm sitting here wondering  
What are they thinking?  
Should I stand  
And should I speak  
Would they even hear me?  
Look at me  
And you see  
Nothing  
Nothing (Nothing)

Let me see your light  
Burn through the chaos and  
Destroy this archetype  
They have created

You look at me (Look at me)  
And you see (And you see)  
Nothing (Nothing)  
Nothing (Nothing)  
Look deeper (Look deeper)  
And you'll find  
A passionate insurgency  
Light the flares tonight  
Watch this light up the sky

Come together now  
Raise up and high  
We will not go down
