

Rise

Fight The Fade

We march to the beat of a different drum
We will fight
We don't run
Stand up, unified and joined as one
It's not over
We've just begun

There's no stopping us now
And there's no turning back

This is!
The moment we've been waiting for
The time to strike
The time for war
This is!
Unlike anything we've seen before
Get your feet up off the floor!

I see, the black clouds up in the sky
They're breaking time to do or die
We lift our banner of heaven high
We will rise
We will rise

There's no stopping us now
And there's no turning back

This is!
The moment we've been waiting for
The time to strike
The time for war
This is!
Unlike anything we've seen before
Get your feet up off the floor!

This is!
The moment we've been waiting for
The time to strike
The time for war
This is!
Unlike anything we've seen before
Get your feet up off the floor!

It's our time to shine
Join the battle lines

It's our time to shine
Join the battle lines

It's our time to shine
Join the battle lines

It's our time to shine
Join the battle lines

This is!
The moment we've been waiting for

The time to strike
The time for war
This is!
Unlike anything we've seen before
Get your feet up off the floor!
