

Laid to Rest

Fight

You didn't give me what I craved for
Why did you tease me with desire
Now I'm hanging by a wire

Laid to rest
Laid to rest

You left me waiting in your darkness
Full of fear and full of pain
How shall I ever be the same

Laid to rest
Laid to rest
Laid to rest
Laid to rest

So I'm praying with devotion
That you'll take me for a ride
Let me fill you full of pride

Laid to rest
Laid to rest
Laid to rest
Laid to rest
