

## Laid to Rest

Fight

You didn't give me what I craved for  
Why did you tease me with desire  
Now I'm hanging by a wire

Laid to rest  
Laid to rest

You left me waiting in your darkness  
Full of fear and full of pain  
How shall I ever be the same

Laid to rest  
Laid to rest  
Laid to rest  
Laid to rest

So I'm praying with devotion  
That you'll take me for a ride  
Let me fill you full of pride

Laid to rest  
Laid to rest  
Laid to rest  
Laid to rest
