

## The Time coming

filmové melodie

1. I wait for the day to break me,  
I look up to the sky,  
I look back on the life that graced me,  
When you were mine.

R: The time comes, the time comes,  
The time comes, the time comes,  
The time comes, the time comes,  
And then it goes, then it goes away.

2. Don't try to read the silence,  
Don't try to live it down,  
'Cause I've learned a thing or two about patience,  
And I have found...

R: The time comes...

3. I wait for the day to break me,  
I look up to the sky,  
I look back on the life that graced me,  
When you were mine.

R: The time comes...
