

# Took You Two Years To Win My Heart

Final Fantasy

Took you two years to win my heart  
Then two words to break it  
The love you ignited  
If I had fought and roared  
Bellowing into the rainy night

They say heartbreak is good for the skin  
But all that it's helped is my drinking  
Picking fights with myself and my friends  
And my friends, threatening to do me in

Took you two years to win my heart  
Then two words to break it  
More surprising than two years of lying this hard  
People let you get away with it

Saturday sleep-ins with no distractions  
Summer sun in some words  
Once kept afloat on a venetian boat  
Blotted out by your two words

Finally you'll wind the tape  
And be sure of one thing  
Every song from a heart this mangled  
Will be draped in strings, strings, strings
