

## My Carousel

## Finger Eleven

Spotlights are roaming  
The show will begin  
I had never thought  
But don't give my circus away  
I hope it ends before you know me  
I've lost it completely  
My faith is lost again I'd say  
I'm tired of this place and I want to go  
Riding my carousel  
They can never tell  
I'm spinning and turning  
Always revolving  
You should have seen it  
Where were you?  
I needed a stage  
To walk all over you  
That's better  
I'm throwing my three ring away  
And I can hear you say  
I'm tired of this place  
I'm tired of this place and then I think of  
Riding my carousel  
They can never tell  
Close all of the doors  
Lock me away  
I'm happy I'm here  
So let me stay
