

# Pretty Little Thing

Fink

When she leaves  
she's just asking to be followed  
when she walks out  
all she wants is, to be led  
all my boys say  
she's just asking, for it  
i ain't sayin' nothing

she couldn't care less  
wearing that dress i tell ya

pretty little thing, hot little thing  
hot little thing who knows it - don't suppose it would be cool if we  
hung out

when you walked by  
you know every guy noticed  
the way that your dress  
clings on for the ride  
all my boys say  
she's the type to fake it  
i ain't sayin' nothing

she couldn't care less  
wearing that dress i tell ya

pretty little thing, hot little thing  
hot little thing who knows it - don't suppose it would be cool if we  
hung out

we could go out  
we could go anywhere that you want  
we could stay in  
and we could do anything that you want  
we could do lunch  
in soho  
or something

coz when you walked in  
all i wanted was the reason  
to talk to that girl  
whose grace is so rare  
all my boys say  
you won't get her numbers  
i won't tell em nothing

pretty little thing, hot little thing  
hot little who knows it - don't suppose it would be cool if we hung o
