

# Pearls Of Wisdom

Finley Quaye

Some people are working hard  
Working hard on their style  
In the back streets of the front line  
You see signs of the crimes

Absence make the hard grow fonder  
How could patience ever hurt you?  
Don't check my status  
Just give me the standard thing

Pearls of wisdom  
Encompassing pearls of wisdom  
Embrace those pearls of wisdom  
Good people flow, only Jah will know

Don't wanna see you fall  
Just wanna see you set, yes  
Don't wanna see you fall  
Just wanna see you set, yes

I guess, it's true  
What they say about you  
Yes, it's true, true, true  
What they say about you, well

Poor people, inspiration  
Have you seen what's really going on?  
With a little leverage  
This time, I got more coverage

Absence make the hard grow fonder  
How could patience ever hurt you?  
'Coz it's virtue  
Don't check my status  
Just give me the standard thing

Pearls of wisdom  
Encompassing pearls of wisdom  
Embrace those pearls of wisdom  
Good people flow as only Jah would know

Don't wanna see you fall  
I just wanna see you set, yes  
I don't wanna see you fall  
I just wanna see you set, yes
