

## Ride on and turn the people on

Finley Quaye

Never mind morgan  
Thieved my mamma's tomato  
Thieved her sweet potato  
Reball the banana  
Then they make it hyper  
For us to live together  
My generation  
Got to stand up in love  
The higher the more  
The stronger the harder  
Do you see it  
Hey  
Those who have eyes like a don
