

# Your Love Gets Sweeter

Finley Quaye

You know your smile woman  
You treat me so darn darn fine  
You give me such an appetite  
And I need your loving every night

Love gets sweeter every day  
Your love gets sweeter every day  
Your love gets sweeter every day  
Your love gets sweeter every day

Baby when you kiss my lips  
Make me want to go head over heels for you  
When you whisper in my ear  
What I say is how I feel for you, yeah

Love gets sweeter every day  
Love gets sweeter every day  
Love gets sweeter every day  
Love gets sweeter every day

Since I was sweet sixteen  
I wanted you to make you my queen  
Then until the day you were  
You're the loving girl that's taking my hand

Love gets sweeter every day  
Love gets sweeter every day  
Love gets sweeter every day  
Love gets sweeter every day

Now I'm glad, I'm older man  
See things are riding to plan  
And baby if you promise me  
We can build our world together

Love gets sweeter every day  
Love gets sweeter every day  
Love gets sweeter every day  
Love gets sweeter every day

Walking so sweetly when you walk when you talk  
When you dance with me girl  
Walking so sweetly when you walk when you talk  
When you dance with me girl
