

# Goodnight

Finley

I can't give you more than this  
So this is my goodnight  
It's dedicated to you

I would tell you the same old things you know  
Just you know  
You deserve every breath I hardly hold  
Hardly hold

And fall asleep you need to lie down  
This night could be the last

I can't give you more than this  
So this is my goodnight  
It's dedicated to you  
My little shining star

I would tell you the things I've never said  
It's too late  
If I could turn back the time I wouldn't wait  
Wouldn't wait

I'm sitting here I stay beside you  
Beside your photograph  
I can't believe it's true I won't forget you  
These things take so much time

I can't give you more than this  
So this is my goodnight  
It's dedicated to you  
My little shining star
